

Support our team **Mountain Mission** and donate!

Together against cancer Team Mountain Mission climbs the Alpe d'Huez!

For those who fight, we rise!

On **Thursday, June 4, 2026**, Team Mountain Mission will take on the challenge: climbing the legendary Alpe d'Huez for a good cause! With Erik on the bike and Anne, Valentijn, and Lou on foot, we are committed to everyone who is fighting or has fought against cancer.

We are not fighting the disease itself, but standing up for hope. Because with money – a lot of money – the medical world can continue searching for solutions that make cancer more bearable, and hopefully one day defeat it.

We are training hard. We're giving it our all. But we need your help to truly make a difference.

HELP. DONATE. INSPIRE.

Scan the QR code and click the **red "DONATE" button** on our campaign page. You can sponsor the entire team or one of our heroes. Every euro goes directly to the Alpe d'Huez/KWF fund – with no intermediaries.

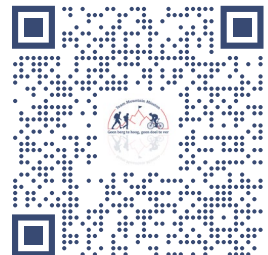

**Every step counts. Every euro helps.
Thank you for your support!**

Corporate Sponsorship –
visible support, tangible
impact

Would you like your company to make a powerful statement against cancer?

During our climb of the Alpe d'Huez, we'll be wearing clothing printed with the logos of our sponsors – visible, proud, and impactful.

Starting from €500, your company's logo or name will be prominently displayed on our sportswear.

Why are we participating in **Alpe d'HuZes**?

United in the fight against cancer!

Everyone knows someone who is fighting or has fought cancer. A disease that changes everything. Sometimes it can be beaten, but often it's unfairly lost. Yet we – healthy people – can do something.

On **June 4, 2026**, we will take on the Alpe d'Huez – not for ourselves, but for those who face a much steeper climb every day. We fight gravity so that researchers can keep fighting cancer.

In 2024, Erik & Valentijn already took part in this journey. We witnessed **strength, sorrow, and hope**. An experience that never left us. That's why we're doing it again. With heart, soul, and legs!

BECAUSE EVERY EURO COUNTS

Every donation helps doctors and researchers turn cancer from a deadly disease into a chronic one. That's not a dream – it's a goal. But it takes money. A lot of money.

SUPPORT US. DONATE.

For those who fight. For those we've lost. For those who are just beginning. Together, we make a difference.

KWF needs our help. And yours.
Thank you for your support!

No mountain too high, no goal too far!
Together, we'll bike and hike cancer out of this world!
